CITYGARDEN’S GUIDELINES
FOR GROUP VISITS

For the enjoyment of Citygarden by all park visitors, we ask that you help us to prepare our staff for group visits.

1. Please contact us at least two weeks in advance to let us know when your group is planning on visiting Citygarden (info@citygardenstl.org or 314-241-3337).

2. Please limit the size of the group to less than 30, especially during summer. If the group is comprised of children, please limit the number to less than 30 children. We also ask that there be sufficient adult supervision for groups of children.

   If your group is comprised of adults, please let us know if there are special needs or if we can assist in arranging a tour.

3. Pack lightly. If you have children in your care, please make a plan for organizing their belongings, so that the park is kept neat and tidy for all park visitors to enjoy.

4. There are Security Guards and Pool Monitors (during the summer) whose main concern is the safety of all park visitors. If there are questions, they are available to help.

5. Please remember that the safety of children who are brought to Citygarden is the sole responsibility of their adult caregivers.

For further information, please go to the website: www.citygardenstl.org
